Telephone number: (612) 673-6831

Firm/Association affiliation, if any: BOMA

1323, CE-2

Proposed Code Change - Language

1323.0100, ADMINISTRATION FOR COMMERCIAL ENERGY CODE

B. C101.4.3 Additions, alterations, renovations or repairs

Exception

2. Glass only replacements in an existing sash and frame provided that the U-factor and SHGC will be equal to or lower than the glass being replaced.

Proposed Code Change – Need and Reason

The IECC does not include the underlined wording. The described exception is in the current MN 1323 under 1323.0513 SECTION 5.1.3, ENVELOPE ALTERATIONS, Exceptions, 1 (a) and is necessary to assure that the replacement glass from an energy standpoint performs equal to or better than the glass it replaces.

The reasonableness of this proposed change is that it carries forward an existing amendment to the existing Rules 1323, with corrections to grammatical errors that exist in that amendment.

Proposed Code Change – Cost/Benefit Analysis

The benefit of the proposed change is to assure building energy performance is not reduced with glass replacement.

Other Factors to Consider Related to Proposed Code Change

1. Is this proposed code change meant to:

change language contained in a published code book? If so, list section(s). 2012 IECC C101.4.3 Exceptions 1.

change language contained in an existing amendment in Minnesota Rule? If so, list Rule part(s). Similar to language in the existing MN 1323 code in effect.

delete language contained in a published code book? If so, list section(s).

delete language contained in an existing amendment in Minnesota Rule? If so, list Rule part(s).

neither; this language will be new language, not found in the code book or in Minnesota Rule.

2. Is this proposed code change required by a Minnesota Statute or new legislation? If so, please provide the citation to the Statute or legislation.

3. Will this proposed code change impact other sections of a published code book or of an amendment in Minnesota Rule? If so, please list the affected sections or rule parts. No

4. Will this proposed code change impact other parts of the Minnesota State Building Code? If so, please list the affected parts of the Minnesota State Building Code. No

5. Who are the parties affected or segments of industry affected by this proposed code change? Building owners

6. Can you think of other means or methods to achieve the purpose of the proposed code change? If so, please explain what they are and why your proposed change is the preferred method or means to achieve the desired result. No

7. Are you aware of any federal requirement or regulation related to this proposed code change? If so, please list the regulation or requirement. No
