Proposed Code Change - Language

1300.0130 CONSTRUCTION DOCUMENTS.

Subp. 9. Design professional in responsible charge.

~~C. Subp. 10.~~ Work regulated by the code shall be installed according to the reviewed construction documents, and any changes made during construction that are not in compliance with the approved construction documents shall be resubmitted for approval as an amended set of construction documents.

Proposed Code Change – Need and Reason

As written, this section only prevents changes to construction documents when there is a “design professional in responsible charge”. This should apply in all cases, not just when there is a “Design professional in responsible charge.” For example, as written, a plan could be submitted, reviewed, and approved and then later changed without approval by the building department. It appears to have been inadvertently placed in the wrong section.

Proposed Code Change – Cost/Benefit Analysis

This proposal will have no impact on costs.
