Proposed Code Change - Language

MN 1309.0802, R802.10.5 (repealed)

Proposed Code Change – Need and Reason

MN 1309.0802.10.5 (Truss to wall connection) amended IRC section R802.10.5 of the adopted model code (2006 IRC) and added language that included the terms “connector” and “fastener.” The model code to be adopted (2012 IRC) no longer contains Section R802.10.5 and the required information is now included in 2012 IRC Section R802.11. Therefore, this amendment is no longer required. (See also SAC-12, a proposal to delete definitions in MN 1309.0202 that had supported language in MN 1309.0802.10.5).
