PROJECT TITLE	PROJECT NO.
---------------	-------------

When the State will be providing building inspection services on State Licensed Facilities, Public Buildings, and School District Building Projects the cost of which is \$100,000 or more, a Building Permit Application, Building Permit fee and Surcharge fee are required to be submitted to this office. Building Permit and Surcharge fees are calculated in accordance with the formulas contained in Minnesota Rules part 1302.0600. The formula used to calculate the Building Permit Fee is taken from the schedule contained in the *1985 Uniform Building Code*. The formula used to calculate the surcharge is taken from Minnesota Statutes Section 326B.148.

In order to correctly calculate the amount of the building permit and surcharge, it is necessary that you go online to our website and use our fee calculator. This will ensure that your fee will be accurate and that no delay in processing an incorrect fee should occur.

Our fee calculator can be found at:

[www.dli.mn.gov/CCLD/PlanConstructionCalc.asp](http://www.dli.mn.gov/CCLD/PlanConstructionCalc.asp)

Copy those numbers below exactly as they appear in the fee calculator and return this form stapled to your check, made payable to Minnesota Department of Labor and Industry at address listed above.
