**Date:** 7/1/2025

**Meeting Location:** DLI Washington Room/Webex Event

**Call to order:** 9:04 a.m.

### **Attendance:**

#### **TAG Members Attending:**

Terence Olson (DLI), Jesse Szykalski (DLI), Chris Rosival (DLI), Kyle Thrapp, Nathan Weber, Steve Kartak, Lisa Hartwig, Greg Olson, Curtis (CJ) Johnson.

#### **TAG Members Not Attending:**

#### **Guests Attending:**

Amanda Spuckler (DLI), Makenzie Johnson (DLI), Mike Pulte.

#### **Guests Attending on-line:**

Chad Payment, David McDonald, Ed Lisinski, Joshua Harmon, Peter Kulczyk, Ron Nuttall, Shawn Wetterlin.

### **Code Change Proposal Review:**

The TAG reviewed a CCP for R

### **Worksheet Review:**

The TAG reviewed the worksheet at this meeting. Starting with chapter 7, line 20 and ending with chapter 8, line 26.

#### **Chapter 7:**

- Worksheet Line 26, 27, section R703.4, flashing. The TAG consensus is to modify the model code section to include items 9 and 10 in current Minnesota Rules, part 1309.0703, subpart 2b.
- Worksheet Line 28, section R703.4.1, pan flashing of windows and doors. The TAG consensus is to delete the current Minnesota amendment that modifies this section and accept the 2024 IRC model code language as written.
- Worksheet Line 34, section R703.7, exterior plaster (stucco). The TAG consensus is to delete the current Minnesota amendment that modifies this section and accept the 2024 IRC model code language as written.
- Worksheet Line 35, section R703.7.1, lath. The TAG consensus is to delete the current Minnesota amendment that modifies this section and accept the 2024 IRC model code language as written.

- Worksheet Line 37, section R703.7.1.1, control joints and expansion joints. The TAG consensus is to delete the current Minnesota amendment that modifies this section and accept the 2024 IRC model code language as written.
- Worksheet Line 39, section R703.7.2, plaster. The TAG consensus is to delete the current Minnesota amendment that modifies this section and accept the 2024 IRC model code language as written.
- Worksheet Line 40, section R703.7.2.1, weep screeds. The TAG consensus is to delete the current Minnesota amendment that modifies this section and accept the 2024 IRC model code language as written.
- Worksheet Line 41, section R 703.7.3, water-resistive barriers. The TAG consensus is to accept the current Minnesota amendment modifying this section.
- Worksheet Line 43, section R703.7.3.1, water-resistive barriers, dry climates. The TAG consensus is to delete this model code section because it is not applicable to Minnesota's climate zones.
- Worksheet Line 44, section R703.7.3.2, water-resistive barriers, moist or marine climates. The TAG consensus is to delete this model code section because it is not applicable to Minnesota's climate zones.
- Worksheet Line 45, section R703.7.4, water-resistive barriers, application. The TAG consensus is to delete the current Minnesota amendment that modifies this section and accept the 2024 IRC model code language as written.
- Worksheet Line 46, section R703.7.5, water-resistive barriers, curing. The TAG consensus is to delete the current Minnesota amendment that modifies this section and accept the 2024 IRC model code language as written.
