Per Minnesota Statutes, section 13D.021, of the Open Meeting Law, electronic meetings are acceptable when an in-person meeting is “not practical or prudent because of a health pandemic or an emergency declared under Chapter 12.”
      • Board members and attendees present on this WebEx are able to hear all discussions.
      • All handouts discussed and WebEx instructions are posted on the Board’s website at: https://www.dli.mn.gov/about-department/boards-and-councils/board-high-pressure-piping-systems
      • All votes will be by roll call.

D. Code Publications Update
Green said Board members should have received an email from IIAR regarding the 3rd public review period of their latest draft. IIAR 2’s comment period ran from March 19 through April 18, 2021. The Board decided to hold on a code adoption cycle until the publication of IIAR 2. Of the codes that the Board adopts, the IIAR 2 (last updated in 2014) is the only one not on a regular schedule. ASME, Section 9, is due to be published in July 2021. If IIAR 2 doesn’t get published this summer, the Board will need to decide if they want to continuing delaying the code adoption cycle. ASME B31.1 and B31.5 will have new editions in 2022.
