Q: What group permissions should I have in Campus?

A: Permissions are set by each organization and their group administrator.
In the stakeholder newsletter last week, there was a link for a survey and a request for your feedback and input to help finalize the post go-live support plan. Please respond to the request.

Survey questions include:

• What type of engagement activities did you find most effective?

• How frequently do you want communications and engagement events going forward?
Filing R-forms

• Is it still necessary to send a letter to the insurer with the R2 or R3 if they are receiving it through Campus?

• To clarify, since we are required to still send a letter to the insurer, will insurers be receiving R2s and R3s twice if we send the R-form via mail or email and they already receive it through Campus?

• If the firm’s administrative staff is completing the form on behalf of the QRC, who signs the R-form?
Claim access

• What if there is a rehabilitation dispute? Would that be a situation where having full claim access would be helpful for a QRC so they can verify a dispute?

• Do you need claim access to intervene?

Charge for services rendered

• Just to clarify, travel time to appointments is supposed to go under which service category, 20 or to the specific category you are traveling to, such as medical appointment, job placement meeting, etc.?
