

# CONSTRUCTION CODES ADVISORY COUNCIL

Minnesota Department of Labor and Industry

**The council is charged by Minnesota Statute 326B.07 to review laws, codes, rules, standards and licensing requirements relating to building construction and may:**

1. recommend ways to eliminate inconsistencies, to streamline construction regulation and construction procedures, and to improve procedures within and among jurisdictions;
2. review and comment on current and proposed laws and rules to promote coordination and consistency;
3. advise agencies about possible changes in rules to make them easier to understand and apply;
4. promote the coordination, within each jurisdiction, of the administration and enforcement of codes; and
5. advise the commissioner about adoption of the State Building Code and Residential Model Energy Code.

## REVIEWS NEW CODES

The council reviews all new construction codes to ensure health and safety protections are provided at the least possible cost consistent with recognized standards.

## CCAC EXPERTISE

Council members possess technical expertise in the following areas of the construction industry:

- boilers
- licensed architects and engineers
- heating and ventilation
- manufactured housing
- licensed residential building
- commercial building
- public utility suppliers
- local units of government
- energy conservation
- building accessibility
- state building official
- State Fire Marshal Division
- fire chiefs or fire marshals
- certified building officials
- commercial building owners and managers
- Minnesota Building and Construction Trades Council
- Boards of Plumbing, Electricity and High Pressure Piping Systems

## REVIEWS PROPOSED LEGISLATION

Consistent with its statutory duties, the council reviews and comments on legislation relating to building construction.
