CODE BOOK

The 2015 Minnesota Elevator and Related Devices Code is incorporated into the Minnesota Building Code published for Minnesota by the International Code Council (ICC). It includes Minnesota's amendments into the body of changed sections and reads as a unified code book. There is no longer a need to separately purchase the ICC model code and Minnesota amendments and refer to them both. Now they are contained in a single reformatted Minnesota-specific code book.

The Minnesota Elevators and Related Devices Code is available for free online viewing or can be purchased as part of the Minnesota Building Code in soft-cover format.
