#### Permit Application

This permit application is only for plumbing projects the Department of Labor and Industry (DLI) is required to inspect.

Use the on-line Local Code Lookup at <http://workplace.dli.mn.gov/jurisdiction/> to determine who will inspect your plumbing work.

#### Permit and Inspection Fee

Use the form below to calculate your fees. We will provide one inspection for every \$100 paid in permit fees. You will be billed an additional fee of \$100 for each time DLI must re-inspect your work to verify that corrections have been properly made.

#### Schedule Inspections

When your work is ready to be inspected, you must schedule an inspection by contacting the inspector listed in the on-line Local Code Lookup at <http://workplace.dli.mn.gov/jurisdiction/>

### Calculation of Permit and Inspection Fee

A base permit fee of \$100 and a \$1 surcharge applies to all permits and has been pre-filled for you on this form. **On each line below, you must fill in the parentheses with the number of plumbing items from your project. The dollar amount for each line as well as the total permit fee will calculate automatically.**
