

"Minor Remodel" PLUMBING Plan Review Checklist

This checklist provides guidance to determine if a proposed project may be considered "Minor Remodel" in areas where DLI performs plumbing plan review. "Minor Remodel" must meet all the following criteria:

- Five or fewer standard plumbing fixtures
- In non-licensed facilities and
- Must have prior approval by the Administrative Authority.

Instructions:

- If you answer "yes" to any of the questions below, your proposed work *does not* qualify. STOP and submit complete plumbing plans to DLI for review and approval prior to installation.
- > To qualify for "Minor Remodel," ALL boxes in Part A and Part B must be checked "no."

Part .	A. F	acility	/ Li	censure

□ yes	no 🗆	1.	Is the proposed work in a state licensed healthcare facility or state correctional facility?
□ yes	no 🗆	2.	Is the proposed work in a commercial kitchen; licensed food establishment, food and/or
			beverage service facility or food preparation area; or in agricultural licensed food
			processing/manufacturing facility; or similar licensure?

Examples of licensed food establishments: convenience stores/gas stations, fast food and commercial restaurants, continental breakfast areas, bars, coffee shops, bed and breakfast, cafeterias, wineries, breweries, grocery stores, delis, etc.

Part B. Scope of Minor Remodel
